

THE MULTI-SURFACE CLEANING SOLUTION

ADAPTED TO OUR NEW STYLE OF
LIVING BOTH AT **WORK** AND AT **HOME**

E2MOX™ SURFACE CLEANER

Developed from a patented process¹ which **neutralizes bacteria and viruses** on hard, non-porous surfaces, E2mox™ is the solution for cleaning : tables, chairs, furniture, counters, walls, handrails, door handles, windows, etc.

SIMPLE, EFFICIENT AND SAFE

- **99.99% effective against the human coronavirus and H1N1**
- No protective equipment necessary
- Does not irritate the skin or hands
- Does not produce toxic vapors, nor leave residues
- No dyes, fragrances or additives
- Can be freely sprayed near people in open spaces
- No danger for people, animals or the planet

1. The patented ECOTHOR™ technology was created in the E2metrix research laboratory in Sherbrooke. The company specializes in the design, development and commercialization of innovative and clean electro-technologies.

A TECHNOLOGY WHICH RESPECTS THE ENVIRONMENT

E2mox™ is produced safely with an electro-technology derived from a patented process which transformed salt and water using electricity. This transformation creates a stable solution which respects the environment at each step of the production process and in its usage.

ATTRACTIVE SAVINGS

Reduce manpower, maintenance and cleaning costs by more than 42 %.

COMING SOON – SELF-SUFFICIENCY

You will benefit from the advantages of having your own E2mox™ production station, with no maintenance worries. Contact us, or consult our web site to learn more about our stations. [More information](#)

We invite you to reach out to us so we can together identify how best to address your cleaning needs.
