

## THE BROAD SPECTRUM MULTI-SURFACE DISINFECTANT AUTHORIZED AND LISTED BY HEALTH CANADA AGAINST COVID-19

### OXWELL™ MULTIPURPOSE DISINFECTANT

Developed from a patented process<sup>1</sup>, OXWELL™ kills bacteria and viruses on hard, non-porous surfaces. OXWELL™ is a ready-to-use, broad spectrum and hospital surface disinfectant for treating: tables, chairs, furniture, counters, walls, handrails, door handles, windows, etc.

### SIMPLE, EFFICIENT AND SAFE

- 99.99% effective against the human coronavirus in 60 seconds
  - No protective equipment necessary
  - Does not irritate the skin or hands
- Does not produce toxic vapors, nor leave residues
  - No dyes, fragrances or additives
  - Biodegradable, made from natural resources
- Can be freely sprayed near people in open spaces
- Protection for people, for animals and for the planet

### INSTRUCTIONS

1. The patented ECOTHOR® technology was created in the E2metrix research laboratory in Sherbrooke. The company specializes in the design, development and commercialization of innovative and clean electro-technologies.

## A TECHNOLOGY WHICH RESPECTS THE ENVIRONMENT

OXWELL™ is produced safely with an electro-technology derived from a patented process which transformed salt and water using electricity. This transformation creates a stable solution which respects the environment at each step of the production process and in its usage.

## ATTRACTIVE SAVINGS

Reduce substantially manpower, maintenance and cleaning costs with ready-to-use (RTU) disinfectant.

## SELF-SUFFICIENCY – E2MOX™ STATION

You will benefit from the advantages of having your own OXWELL™ production station, with no maintenance worries. Contact us, or consult our web site to learn more about our stations.

We invite you to reach out to us so we can together identify how best to address your disinfection needs.

Active Ingredient: 0.0367% w/w hypochlorous acid

Ready-to-Use

Available formats: 3.78 L - 18.9 L - 1000 L
